EYEFI Group Technologies Inc. Announces DTC Eligibility

December 15, 2021 – Toronto, Canada – EYEFI Group Technologies Inc (CSE: EGTI) (OTC: EGTF) (“EYEFI”) announces DTC Eligibility.

By offering electronic settlement, DTC eligibility provides EYEFI with a significantly larger platform to attract investors.

EYEFI, a publicly traded technology company, is pleased to announce that its common shares have been approved for DTC full-service eligibility in the United States by the Depository Trust Company ("DTC") and can now be both traded and serviced through DTC's electronic book-entry system.

"DTC eligibility allows our company to offer electronic settlement to US based investors which can generate increased liquidity and provide a wider range of investors with access to our common shares," commented Simon Langdon, CEO of EYEFI.

DTC is a subsidiary of the Depository Trust & Clearing Corp. ("DTCC") that provides clearing and settlement services for the financial markets and settles the majority of securities transactions in the United States. This electronic method of clearing securities speeds up the receipt of shares and cash, thus accelerates the settlement process for investors and brokers, enabling the shares to be traded over a much wider selection of brokerage firms.

About EYEFI in detail:

EYEFI is connecting the world's people and devices with the world around them, in real-time and in ways not previously possible.

EYEFI is a software and electronics engineering company that has developed, patented and commercialized an innovative spatial technology; spatial, predictive, approximation and radial convolution (SPARC) and an associated product suite, that turns sensors, cameras and smartphones (fixed, mobile, airborne, portable or handheld) into geo-target co-ordinate acquisition devices.

EYEFI has also developed IIoT sensor hardware and associated cloud software, as a second pillar within its product offering. EYEFI Cloud is a next generation cloud platform that provides a secure and centralized environment where customers can manage their EYEFI product deployments and applications.

FORWARD LOOKING INFORMATION

This news release contains forward-looking statements and forward-looking information within the meaning of applicable securities laws. These statements relate to future events or future performance. All statements other than statements of historical fact may be forward-looking statements or information.

The forward-looking statements are based on the reasonable assumptions, estimates, opinions and analyses of management made in light of its experience and perception of historical trends in the delivery of services through its Cloud, current conditions, expected future developments and other factors management of EYEFI believes are appropriate, relevant and reasonable in the circumstances at the date that such statements are made. All of these assumptions, estimates and opinions will necessarily be subject to change due to future events and other circumstances outside the control of EYEFI, including the effect of the Covid 19 virus. EYEFI has based the forward looking information on various material assumptions, including: despite the threat of the Covid 19 virus, EYEFI will sustain or increase profitability although on a slower projection than previously planned, and will be able to fund its operations with existing capital and projected revenue from its current agreements with its Channel Partners; EYEFI will be able to attract and retain key personnel in future if required; the general business, economic, financial market, regulatory and political conditions in which EYEFI operates will remain positive as its services can be provided in EYEFI’s Cloud although delivery of its hardware may be affected by supply chain disruptions; that the general regulatory environment will not change in a manner adverse to the business of EYEFI; the tax treatment of EYEFI and its subsidiary will remain constant and EYEFI will not become subject to any material legal proceedings; the economy generally; competition, and anticipated and unanticipated costs

Accordingly, readers should not place undue reliance on the forward-looking statements, timelines and information contained in this news release. Readers are cautioned that the foregoing list of factors, assumptions and exclusions is not exhaustive.

The forward-looking statements and information contained in this news release are made as of the date hereof and no undertaking is given to update publicly or revise any forward-looking statements or information, whether as a result of new information, future events or otherwise, unless so required by applicable securities laws or the Canadian Securities Exchange. The forward-looking statements or information contained in this news release are expressly qualified by this cautionary statement.
